will soon be a na-tion most remarkable for health and longev ity. The plain, undecorated facts about Dr. Pierce's Golden Medical Discovery are al' that is necessary to convince fair-minded people of its transcendent merit. They are as follows:

All diseases come from germs. The germs get into the blood, propagate and increase in the blood, which carries them all over the body. When they find a weak spot, they stick to the weak spot. It becomes a diseased spot, and the disease is called by the name corresponding to its location in the body. The cause is the same for nearly all diseases. All impurities are germs, or breed germs. Impure blood means germ filled blood. Kill the germs, eliminate the impurities, enrich the blood, and it will force itself into the diseased spot and strengthen it, and give it power to throw off the germs that exist there. Dr. Pieree's Golden Medical Discovery is designed to do this—that All diseases come from germs. The germs that exist there. Dr. Pierce's Golden Med-ical Discovery is designed to do this—that is the theory. The facts are these—tens of thousands of people have used the "Dis-covery." It used to be sold with the under-standing that if it didn't cure, it should be returned, and the money refunded. No-body ever asked for the money, and so that clause was dropped. Thousands of people have written voluntary letters of thanks to its discoverer. A few of these letters have have written voluntary letters of thanks to its discoverer. THE HORSE SHOW A FAILURE. A dispatch from New York says: New 'York's annual horse show, the twelfth of its kind, opened here yesterday with every evidence of decline as a fashionable tunction. The deaths in the Four Hundred, the fast sinking of the borse in the wild orgie of dress and parade, and the woeful lack of originality in management, have all combined to lessen the importance of the present exhibition. Though generally a display of fashion and clothes, New York's former exhibitions were popular because they were based upon the love of the horse. They pleased those who were able to cultivate horses and understood them. As from year to year the for the wealthy and fortunate, and CREAM BALM CATARRH borseflesh took a second place, the ex-bibition began to decline. In recent years it has been largely sustained by people who knew and cared very little for the horse. The result is that true horsemen have cared less and less about the event. This waning interest might have been kept up by originality in the class exhibitions had some been in the class exhibitions had some been shown. But as it is, the exhibition of one year is only a counterpart of the one that preceded it. The same tired jurious drug is contained in the Balm. steeplechasers vaulted over the same gates, the same high steppers were pranced into the arene, and the same ignorance of riding and driving was on exhibition from year to year. For the present week the show will absorb the

Thursday night the operetta, "The Miracle of the Roses," under the management of Misses Pauline and Ada Mosby, was given at the town hall, in Warrenton, for the benefit of the Cath olic Church. It was almost unanimously pronounced the most successful thing of the kind ever given in Warrenton.

The house was crowde ', and before the opening scene very brilliant and stirring music from El Capitan was played and March 9. The first three admit of two by the charming pianist, Miss Charlotte Nelson, accompanied by Professor Louis Weber, of Washington, on the violin, and Mr. Thomas Frank with the violin, and Mr. Thomas Frank with the

The evening closed with a Greek dance from "The Kirmess," in which Misses Virginia Payne, Georgia Green, Charlotte Nelson, Emily Forbes, Cassie Sowers, Pauline Mosby, Bessie Flynn, and Rosa Tongue took part. This was, perhaps, the most artistic performance of the evening. The dignity of the dance and the loveliness of the dancers were enthusiastically commented upon.

CLOTHED WITH THE SUN .- A nun in the government of Pskiv named Helen Petrova has been arrested and confined in a distant nunnery for having created a new sect obnoxious to the orthodox

Some years ago Petrova began to see ounners by the superior as a danger-ous person, together with those of her sisterhood who believed in her power. This action seems to have increased her fame, and pilgrims began to resort to her from all parts.

Finally she caused eikons of herself as the woman of the Apocalypse, "clothed with the sun and the moon under her feet," to be distributed to her followers.

The discovery of these false images TASTER.

Circulars of our regular brands mailed It seems that Petrova played largely on the "wars and rumors of war" the present day, and found her anti-Christ in the person of Rev. Father John, of Cronstadt, who is respected for his charity by all Russians, and almost worshipped as a saint by the mass

of the people.

It is sufficient that among her doctrines a prominent place was held by that of "spiritual husbands," with that of which only all women ought to be content-a teaching familiar some decades back in various parts of the old and new world .- London Standard.

It should be added that while at Monte Carlo you can only play with gold, at Ostend counters are allow-Gesolutions in memoriam, of thanks, tributes ed up to a value of 6,000 francs, and certain well known persons obtain almost unlimited credit from the bank. I remember seeing four players at once who put the maximum of 12,000 francs each turn, and this went on for hours, nobody putting himself out in the least, while at Monte Carlo the fact of a player risking the maximum is always publicly announced. Unfortunately it is the fair sex who chiefly cultivate the taste for gambling this year. The English ladies take the lead and are closely followed by the Germans. It is a scandal which it is high time should be stopped."
